

EnergyTech

Sponsorship Overview

BACKGROUND

EnergyTech is a nationally recognized event held annually in Cleveland, Ohio. Initiated in 2009 as a regional conference by the newly formed INCOSE chapter of Northeast Ohio, and accelerated by IEEE and CWRU in 2011, it has further evolved to national status through support and cooperation of NASA, InfraGard/FBI, IEEE, INCOSE, along with various corporate entities and universities. This forum is committed to the principle that complex systems such as the nation's electrical grid and energy transport sector requires a comprehensive understanding and disciplined methodology to address the life-cycle challenges and pursue improvements.

Now in its seventh year, EnergyTech continues an evolutionary path by providing value to a diverse mix of stakeholders, including energy sector companies, education and research institutions, government officials and policy makers, and related entities.

OUR GOAL

To maintain an annual forum and exhibition for EnergyTech stakeholders in the power and energy sectors, and yield an organized portfolio of knowledge products for publication and distribution. This set of information products are intended to serve as knowledge enhancement, risk management, and decision support for Academic, Government and Industrial energy leadership.

SPONSORSHIP LEVELS

Platinum	\$15,000
Gold	\$8,000
Silver	\$4,500
Bronze	\$1100

EnergyTech 2016, CSU Wolstein Center

WHY PARTNER WITH ENERGYTECH

- You are looking for brand visibility and connection with our distinguished domestic and international attendees working professionally in all fields across the energy sector.
- Your mission is aligned with keeping and growing energy and technology discussions in Northeast Ohio.
- You seek to elevate advancements in technology and integrated solutions for advanced power and energy system.

We offer 4 levels of sponsor participation, and welcome the discussion to create a custom package to meet your brand building, marketing or charitable objectives, including on-site signage, presence on-site, title of proprietary area or program, access to contacts, rights to use logos/marks, and your logo on all collateral

SPONSOR/PARTNER PLEDGE FORM

A great way to show leadership, build relationships, and demonstrate that your organization is attuned to the top issues in Energy and Technology. Your sponsorship helps to maintain an annual forum and exhibition for the stakeholders in the power and energy sector, and supports an organized portfolio of knowledge products for publication and distribution, intended to serve as knowledge enhancement, risk management, and decision support for Academic, Government, and Industrial energy leadership.
