

Professional Development SPECIAL EVENT: SYSTEMS & PROJECTS - BRIDGING THE GAP

Special Event MC: **Mike Vinarcik**
at **ENERGY TECH CONFERENCE & EXPO**

Oct. 25, 2018

A value-packed full day special event for System Engineers and Program / Project Managers which focuses on the challenge of aligning PM and SE effort for successful project planning and performance. Hear from noted experts in PM and SE - educators with decades of experience on major programs - as they present case studies of successful projects, and discuss why enactment of the Program Management Improvement Accountability Act (PMIAA) will prove critical for increasing project success rate.

Register at www.energytech.org
